

# JOSHUA

(AND ME)

Here are some things we've put in place to make this show an enjoyable experience for all:

**Reserved seating** - the seats nearest the doors are reserved for anyone who would like an easy get away, if needed. For whatever reason. Please feel free to take one. If you need to leave, you will be allowed back in.

**Ear defenders** - Ear defenders are available to borrow from behind the box office.

Please leave on your seat when leaving. They are disinfected after every show.

**Pipe cleaners** - You will notice pipe cleaners on your seat. We all find it easier to concentrate when fiddling with something (idea taken from Dr Naomi Graham).

**Synopsis and cue sheet** - The QR code will take you to a short document which explains the synopsis of the show. It also lists certain cue lines, and whether they're followed by a loud noise, music, or shouting.
