DIGITAL TRAINING

exeter phoenix

Exeter Phoenix provides bespoke training packages to help you, your company or your organisation develop skills in a wide range of creative software, media and filmmaking. Whether you are an organisation looking for essential administration training or an individual looking to turn your photography hobby into a career, we can help.

Delivered in our dedicated Apple Mac suite here at Exeter Phoenix or from the comfort and convenience of your own office, all training packages can be arranged on a date and time that will suit you or your organisation, ensuring you get the most out of your day. We can cater for individuals on a one-on-one basis or work with larger groups and staff teams.
All training options can be customised to suit your requirements. Once a date has been booked, we will put you in touch with an experienced, dedicated tutor to advise you on your training package. We offer special discount rates for charities and small businesses (with fewer than 10 employees) to keep our training accessible. All our rates are inclusive of VAT.

RATES

ONE-ON-ONE TRAINING SESSIONS

These sessions are for one attendee only; this could be an individual as a freelancer or a company employee.

	DAY RATE *(ON-SITE)*	DAY RATE *(OFF-SITE)*
